Second Annual Texas Blonde D'Aquitaine Field Day In San Marcos, Texas

The Texas Blonde d'Aquitaine Foundation, Inc., in association with S Agri Management Systems, Inc., of Maxwell, Texas, will host the 2nd Annual Texas Blonde d'Aquitaine Field Day in San Marcos and Maxwell, Texas on June 18, 1983.

Blonde d'Aquitaine breeders, ranchers and other interested persons from throughout Texas, New Mexico and Oklahoma will attend. The general public is invited to see and hear all about Blondes, an internationally known breed of cattle that is making its presence known on ranches in the United States and Canada.

The 2nd Annual Blonde d'Aquitaine Field Day will begin at 9:30 a.m. with seminars and cattle judging contests in the Hays County Civic Center in San Marcos, Texas.

Most Cattle Higher At San Antonio

San Antonio, June 18 (F-S) — Receipts 1,400. Slaughter cows steady. Slaughter bulls 1.00-2.00 higher. Feeder steers and bulls mostly steady. Feeder steers 1.00 higher. Feeder heifers steady to 3.00 higher, mostly 1.00-3.00 higher. Slaughter cows utility 2-3.25-4.25, mostly 4.25-4.42, utility 1-2.36-3.40, mostly 4.02 and above. Bulls: yield grade 1-2 1.00-1.80 lbs. 48.00-64.00, few high dressing up to 67.25, and some indicating a low boning percentage 1.100-1.560 lbs. 42.50-48.00.

Fed Cattle Uneven, Hogs Mostly Higher At Central Markets

(CONT. FROM PAGE 1)
6,000 above a week earlier and 11,000 higher than a year ago.

Perfect 10 Hereford Females Avg. \$5150

(CONT. FROM PAGE 1)

Top seller was consigned by J.D. and Joyce Jordan of Mason, TX. JB L1 Dominette L106, a January 22, 1981 daughter of LVR L1 Domino 906. She was safe in calf to Lone Star Dom 217B and sold for \$12,500 to Diamond H Herefords of Bryan.

Second top seller, also purchased by Diamond H Herefords, was consigned by Granite Hills Hereford Ranch, Granite Queen 2820, a daughter of Grand Slam born September 20, 1981. She was safe in calf to David. Third top seller was also consigned by Granite Hills Herefords, Granite Dominette D18, daughter of David born February 13, 1982. She was safe in calf to Flying L Solitaire and sold for \$6900 to Little f Herefords of Sterling City.

A very useful set of Hereford heifers. They were well presented and this was an excellent way to top off the Greater Hill Country Association Hereford Tour.

Auctioneer was Stanley Stout.

Miraflores Simmental Avg. \$4350 On 47 Lots

(CONT. FROM PAGE 1)

Miraflores 961N, a July 27, 1981 daughter of Fame, bred to Jasper 4J on January 31, 1983. She sold for \$7200 to Creed Ankon of Rinebeck, NY. Second top seller was Miss Miraflores 202M born April 1980. She was a daughter of Fame and had a heifer calf, born September 1982 by Jasper 4J and was rebred to Jasper. This three in one package sold for \$8900 to Sweetbriar Simmental of Corsicana, TX.

Third top seller was Miss Miraflores 942N Polled, a March 1981 daughter of Fame. She was bred to Jasper 4J on November 27, 1982 and sold for \$8000 to Don Cole Investment Group, Denton, TX.

Fourth top seller was Miss Miraflores 29M, a daughter of Fame, she sold with heifer calf born November 28, 1982 bred by Jasper 4J and rebred February 28, 1983 to Salvation. This three in one package sold at \$7100 to Edwin and John Krolezyk of Waller.

A top set of cattle that were well presented to a very active bidding crowd. A very successful sale.

Auctioneer was Joe Mitcham.

Price trends, quotations on choice and prime steers and heifers and on the mixed good and choice grades and good to choice Holsteins steers and on U.S. 1-8 hogs scaling 200 to 270 or 280 lbs., included:

OMAHA two-way fed steers were steady, but packer cattle were steady to 25 cents lower. Heifers held steady. Steers \$68 to \$87 and \$65 to \$66.50. Holsteins \$58 to \$59. Heifers \$63 to \$65 and \$61 to \$63. Hogs firm to 50 cents higher at \$45.50 to \$48. SIOUX CITY fed cattle steady to 50 cents higher, including two-way steers at the top. Steers \$68 to \$67.75 and \$64 to \$66. Holsteins \$57.50 to \$58.50. Heifers \$63 to \$64.75 and \$62 to \$63. Hogs 75 cents to \$1 higher at \$45.50 to \$48.

ST. PAUL steers steady to firm, heifers steady to 50 cents higher the gain on those scaling 1,000 lbs. or more. Holsteins: steers \$1 to \$1.50 higher. Steers \$64.50 to \$65 and \$62 to \$64.50. Holsteins \$58.50 to \$60.50. Heifers \$62 to \$63.50 and \$60.50 to \$62. Hogs fully steady at \$45.50 to \$47.50. SIOUX FALLS fed cattle steady to firm. Steers \$65 to \$67.75 and \$64 to \$66. Holsteins \$58 to \$59. Heifers \$63 to \$64 and \$60 to \$61.50. Hogs 50 cents higher at \$45 to \$47.50.

JOLIET fed steers steady to 50 cents lower the decline on cattle over 1,200 lbs. Heifers firm to 50 cents higher. Steers \$66 to \$67.25 and \$65.50 to \$66.50. Holsteins \$58.50 to \$60.50. Heifers \$62 to \$63.50 and \$60.50 to \$62. Hogs 50 cents to \$1 higher at \$45.50 to \$48.50. PEORIA steers steady to 50 cents lower, and heifers steady to 50 cents higher. Steers \$66 to \$67.25 and \$65.50 to \$66.50. Holsteins \$58.50 to \$60.50. Heifers \$62 to \$63.50 and \$60.50 to \$62. Hogs 50 cents to \$1 higher at \$45.50 to \$48.50. PEORIA steers steady to 50 cents lower, and heifers steady to 50 cents higher. Steers \$66 to \$67.25 and \$65.50 to \$66.50. Holsteins \$58.50 to \$60.50. Heifers \$62 to \$63.50 and \$60.50 to \$62. Hogs 50 cents to \$1 higher at \$45.50 to \$48.50.

Hog prices were generally firm to unevenly higher average advances running around 50 cents to \$1 higher at most markets. Some of the top prices represented hogs suitable to OMC contracts were reported at Omaha and Sioux City, Monday. Omaha hogs sold at 288,000 was 23,000 below last week.

A. I. and PALPATION Training Courses

July 5-8, Sulphur Springs, Tx.
July 18-21, Oklahoma City, Okla.

A.I. Training \$200.00
Palpation \$150.00

A \$50.00 semen credit certificate will be given each A.I. student to apply on purchase of semen from COBA. Palpation is not offered by itself unless you have previously taken an A.I. school. Both courses can be taken at the same time with no conflict in subject. Palpation Course will be conducted in cooperation with Texas A&M Extension Service.

ADMINISTRATION BUDGETS WASTE OF TIME...
The various news mediums have been regaling us with news of how the Administration and the Congress have been arm wrestling with budgets for months on end and just the other day announced that Congress thought it was on the verge of getting their put together this week. One of those things we will never understand is why they bother with this stuff in the first place. They know dang good and well they have no intention of Payin' one bit of never mind to these fuggers and it does seem this is a perfect example of just how simple minded they figger you & me can be. Anyone who can read at the fifth grade level can see through these shenanigans without half tryin'. What is in them budget fuggers mean nuthin' at all.

Congress and the Administration have ways and means of gittin' around (CONT. ON PAGE 7)

Seven States Cattle On Feed Increased 2%, May Sales Up

The monthly report on cattle on feed in the seven states showed 7,581,000 million on feed, a gain of 2% over last month and the same number as a year ago. The industry found good news in the fact that marketings in May totaled 1,588,000, or 8% above the previous month and a large 12% above last year. The heavy outbound movement was interpreted in some circles as a bullish figure for the near term in fed cattle prices.

7 STATES ON FEED (In Thousands Head)
June 1 83 as % of 82
June 1 82 as % of 81
Alabama 387 126%
California 499 96%
Colorado 880 107%
Iowa 1,085 96%
(CONT. ON PAGE 4)

Fed Cattle, Hogs Sold Lower Monday At Most Markets

Around the central markets on Monday the trade on fed steers and heifers was unevenly to sharply lower and once more heavy weight two-way steers in slaughter flesh managed to fare better than the strictly packer types as feeders buyers thought a brighter future was a short way ahead. A feeling that was bolstered by the mildly bullish cattle on feed report of last week that indicated very heavy marketings of fat cattle in May. The dressed market opened on a downward turn Monday, which added to the already bearish atmosphere at the start of this week. Receipts at markets for both cattle and hogs were near level with a week ago. Slaughter of cows and bulls were little changed at most of these markets Monday. Monday's estimated cattle kill at 122,000 was 7,000 under a week ago and 3,000 over last year.

Hogs were also under price pressure at most of the markets being priced at steady to 50 cents lower to as much as (CONT. ON PAGE 5)

Legislature Will Deal With Texas Brucellosis Crisis and Threat to TEC, Both Should Take Week, 10 Days

Texas Gov. Mark White apparently did a complete turnaround on the Texas brucellosis problem two days after he had announced a truce with the USDA's APHIS. At a news conference June 16 White had announced the USDA was cancelling plans for an immediate quarantining Texas cattle and Attorney General Jim Mattox announced the scheduled hearing in federal court in San Antonio would not be held.

White indicated he had assurance from South Texas Rancher R.J. (Red) Nunley and his attorney, Morris Atlas, they were willing to negotiate on a "reasonable basis". State district judges in South Texas had exempted Nunley's cattle, spread over a 100,000 acre area, from the Texas Animal Health Commission's brucellosis program. They held the actions of the TABC were unconstitutional because the commission had exceeded its legislative authority by adopting the federal rules. Nunley is involved with former Texas Gov. Dolph Briscoe in ranching in that part of the state and Briscoe has spearheaded the fight against federal regulation. Briscoe is also a close political ally of Gov. White, having named him into politics appointing him secretary of state in 1978.

It had been reported that USDA would publish a quarantine notice in the Federal Register late last week and comments from the cattle industry would be sought before further action was taken. White announced the brucellosis problem would be included in a special legislative session "if and when" such a session was convened. In his surprise move Gov. White at a hastily called news conference last Friday and announced he would call a special session to deal with the brucellosis crisis and the impending abolition of the Texas Employment Commission. The TEC would have gone out of business under Texas sunset laws if the legislature failed to enact a bill continuing its existence before Sept. 1.

Several states have already announced embargoes on Texas breeding cattle subject to the Bang's disease regulation and others were threatening to take similar action. Cattle producing states, whose cattle are in market competition with Texas cattle, have been poised to bar Texas cattle since the announcement of the projected quarantine.

White was joined at the press conference by House Speaker Gib Lewis and Lewis estimated the law makers should be able to handle the issues within a week or ten days after convening this Wednesday (June 22).

This special session of the legislature starts the day before the annual convention of the Independent Cattlemen's Association in Austin June 23-24. This week ICA's general manager, Cliff Boucher called for a massive gathering to protest the move to get Texas into compliance with federal brucellosis regulations. His announcement said: "By now, you probably have heard that Gov. Mark White has called a special session to reconsider state brucellosis legislation...the same legislation that we successfully defeated in the regular session at first. It appeared that a sensible solution to the brucellosis situation could be worked out, but now Gov. White and other officials are trying to railroad the small beef producer by bringing this thoughtless, damaging and ill-conceived bill up again."

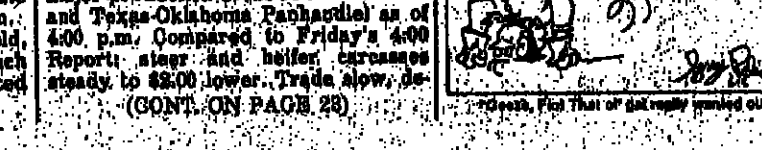

The special session begins the day before the ICA 9th Annual State Convention here in Austin (June 23-24). Now it is even more VITAL that you attend the convention, and THAT YOU BRING A CARLOAD OF FRIENDS AND NEIGHBORS WITH YOU!

ICA is planning to use this opportunity to show our elected officials that there is a solid, grass-roots block of opposition to this program — a bureaucratic boondoggle that costs many times more than the disease itself. PLEASE BE HERE, AND MAKE YOUR VOICE HEARD!

There was much speculation in cattle circles as to what triggered Gov. White's about face and his hurried call for the special session. Concomitant appeared to be that the governor had heard from large numbers of cattle breeders concerned about the growing threat of more embargoes of Texas cattle by states and the impact on Texas cattle prices which could run into the hundreds of millions of dollars. Other views were that White had finally been convinced the USDA's APHIS had the power and would use it to quarantine the state.

To date the quarantine threat has had little or no noticeable effect on several large registered cattle sales in the past week or two, however the threat hanging over the breeding cattle industry became more real each passing day as other states either announced embargoes or were listed as giving serious thought to them.

King Ranch Will Offer 2,000 Heifers

A first-time auction offering of a large number of King Ranch commercial Santa Gertrudis females is slated for Saturday, August 20, according to the ranch's General Manager, Stephen J. "To" Kleberg. The sale will be held at King Ranch's Sale Pavilion near Kingsville, Texas, and will start at noon.

The sale heifers were to have been replacements in the Santa Gertrudis division's commercial herd. However, some had to be made for a number of females being consolidated at King Ranch from its Big B, Belle Glade, Florida, division.

The Big B cattle — approximately 2,000 registered Santa Gertrudis females — are being shipped into the Kingsville area this summer and will undergo evaluation for membership in the ranch's Raising W "A" Herd.

This sale, dubbed The Cow Camp, marks the first time in King Ranch's 130-year history that a large number of registered females have been offered at auction. Not only should it be a landmark sale, but with that many cattle in one place at one time, it should prove interesting to spectators; all 2,000 head will sell in one afternoon.

2nd Annual Riley Brangus Ranch Sale Set June 25

Huntville, Mo.—The 2nd Annual Riley Brangus Ranch Sale will be held Saturday, June 25, 1983. Sale time is 1:00 p.m. at the ranch at Huntville, Mo. Selling will be 50 select lots of Brangus cattle including an interest in Walstrom's dam and an interest in Walstrom's granddam.

For information contact Riley Brangus Ranch, Box E, Huntville, Mo. 65259, 816/277-4412 office, or 816/277-3406 ranch; or the sale manager Sammy Pierce, Pierce Sale Company, Box 807, Bellville, Tx. 77418, 713/866-9104.

Oklahoma Santa Gertrudis Sets Sale For June 25

The Oklahoma Santa Gertrudis Association will hold their Picture Perfect Sale, June 25 at the New Tulsa Stockyards in Tulsa, OK. Starting time is set for 1 p.m.

The offering a high quality group of cattle that have been screened by a committee of Gary Harding, Carl Pallet, Dennis Alsop, Leo Smith, Bob Wasson, Travis Cosgrove, Howard Remore, and sale chairman, Leo Smith.

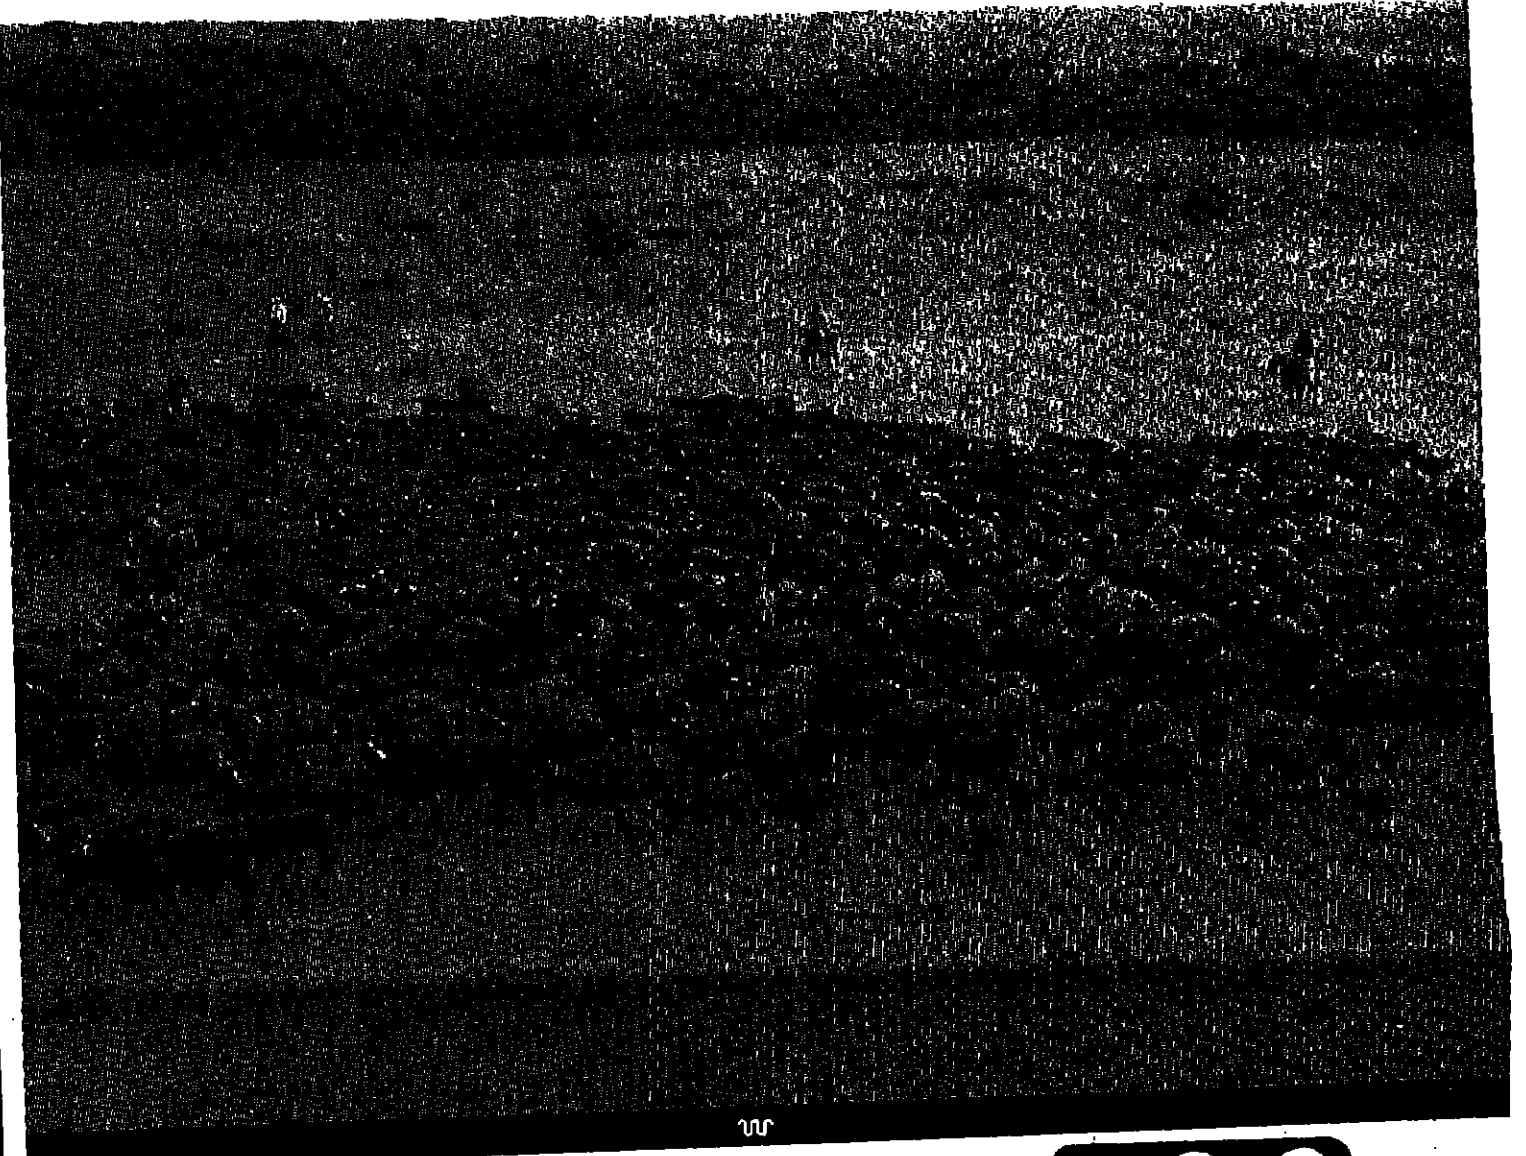

There will be an old fashioned western social & brunch sponsored by S.G.A. at 10:30 a.m.

For more information contact: Karen Wasson, P.O. Box 848, Poteau, OK 74426, 918/647-8208 or Howard Remore.

Floyd S. Rood drove golf balls from coast to coast in 1968, a total of 114,787 strokes, losing 8,511 golf balls.

2,000 Commercial Heifers Ranch Raised To Sell In THE COW CAMP

Saturday, August 20, 12 Noon
Headquarters — Sale Pavilion
King Ranch, Kingsville, Texas

We're making room for registered cows coming in from Florida for consideration in the "W" "A" Herd and have elected to offer these King Ranch bred and raised commercial Santa Gertrudis females that would normally be replacements in our program.

Many are bred and safe in calf to King Ranch Santa Gertrudis bulls.

Texas Angus Hold State Wide Field Day

A large crowd of Angus breeders from across Texas gathered at Angus Ranch located in McKinney to attend the Texas Angus Association's State Field Day.

The day began with a breakfast, held at the Field Day headquarters, sponsored by the Texas Angus Ladies Auxiliary. Following breakfast, everyone went out to Angus Ranch, which is owned by Neil Portman.

The morning started off with a judging contest with over 50 people trying their evaluating skills. Vernon Schmidt of McGregor won the men's division, with Bob Browning of Richardson placing 2nd and Ode Allen of Ponder placing 3rd. The women's division was captured by Francis Allen of Ponder with Carl Clark of Houston and Effie Hartley of Hallsville, placing 2nd and 3rd respectively. The youth division was won by Leslie Brown of Groom, with 2nd place going to Robert Dalk of Houston.

A great deal of laughs and excitement started when Mr. Portman announced the "OLDTIMERS" showman contest. Contestants, who were picked by Mr. Portman, included: Ray Adams, Tahoka; J.V. Heyser, Cleco; George Graham, Wichita Falls; Vernon Schmidt, McGregor; Bob Browning, Richardson; and Roland Burrows, Houston. The judges for this event were Ken Gohway of Briggs and Richard Stotts of Wichita Falls. J.V. Heyser and Ray Adams were named champion and reserve champion Oldtimer Showmen.

Mrs. Maxine Joy, President of the Ladies Auxiliary, presented Kim Eberle, the out-going Texas Angus Queen, a check and present for all her efforts and time she put in this year. Leslie Brown of Groom won the girls Auxiliary scholarship, with Mark Lust of Mulshoe, winning the boys scholarship.

LeAnn Thomas of Corsicana was presented as the new Texas Angus Queen. Libby Williams, Lockney, Julie Schermerhorn, Houston and De Ann Dalk, Houston, were named princesses. Dr. Bob Browning, chairman of the Directory Committee, presented Ray and Nea Adams, Tahoka, the first copies of this year's directory because they had been selected to have the directory dedicated to them for all their hard work and support they have given the Angus Association and the great contributions they have made to the Angus breed and Ladies Auxiliary.

Ray Adams, President of the American Angus Association, was introduced and gave a talk on the highlights of the Centennial Celebration of the American Angus Association which will be held September 15-17 in St. Joseph, Mo.

Vernon R. and Amy Schmidt, chairpersons of the "Texas Tour to St. Joseph" kicked off the 100th Birthday Celebration by giving all the details of the tour and urging everyone to go.

Billy Yarbrough (left) owner of B&L Angus, Shawnee, OK, and Ken Walker, Rolling Oaks Ranch, Burkett, TX, both made several purchases at the Gunston West Angus Dispersal, June 1 in Lampasas.

The next part of the afternoon program was the presentation of Centennial and Historic Herds Awards. A Centennial Award which is given to a ranch that has been in business for over fifty years was presented to KTV Angus Ranch of New Braunfels.

Historic herds, those in business for over 25 years, were presented to Vernon R. Schmidt, McGregor; J.D. Sargent, Tolar; George Graham, Wichita Falls; Bill Clark, Houston; C.W. Chandler, Jr. Ringgold; Percy Powers, Perryton; Robertson Angus, West; W.A. Seidel, Knippa; Luther McClung, Comanche; Barbour Ranch, Iowa Park; Texas A & M University, College Station; Clayton Strubling, Llano; Ben-ton Angus, Nocona; A.L. Hartog, Bovina; Welcome U Farms, Groom; Casey Heatherly, Richland Springs; Ode Deal, Eldorado; Billy Brown, Jackboro; D.L. Kenney, Edgewood; Bearden Brothers, Wichita Falls (who inadvertently were omitted in the ceremony).

Following the program a tour of Angus Ranch was given by Joe Kirk Smith, Manager of Angus Ranch.

Don Trimmer Jr., Regional Manager

Don Trimmer Jr., 28, of Woodboro, Maryland, has been hired as a regional manager, effective July 1 for the American Angus Association and Angus Journal in Illinois and Wisconsin, reports Dick Spader, executive vice president of the Association.

Ray Adams, President of the American Angus Association, was introduced and gave a talk on the highlights of the Centennial Celebration of the American Angus Association which will be held September 15-17 in St. Joseph, Mo.

Vernon R. and Amy Schmidt, chairpersons of the "Texas Tour to St. Joseph" kicked off the 100th Birthday Celebration by giving all the details of the tour and urging everyone to go.

Ray Adams Angus & Farming In The High Plains

The high plains area of west Texas is well known for many things, primarily its big farming and cattle feeding. One man is helping bring west Texas under a different spotlight and make the area notable for another phase of agriculture.

Ray Adams is engaged in an extensive farming operation, primarily cotton and milo, covering over 3000 acres. His Angus cow herd and ranch is located about 20 miles Southeast of Tahoka. The herd consists of approximately 300 females, which is a combination of mature cows and bred heifers. His herd bulls include, Thomas Flash, a son of Chaps from the Thomas herd in Oregon. Adams is also using three of the best sons of Mr. Angus. They are Target, Greenbrae Chairman, and SVP. Adams is assisted by Tol Thomas, who acts as herdsman and they are preparing for their fifth production sale, Oct. 1 of this year. Last years sale saw cattle go to buyers in eleven states. The offering this year should be even better.

Following the program a tour of Angus Ranch was given by Joe Kirk Smith, Manager of Angus Ranch.

Jack Farnell, auctioneer and Tom Burke, sale manager at the pace of the Gunston West Angus Dispersal, June 1 in Lampasas.

AC Angus Dispersal Sets \$720 Pace

AC Angus Ranch Dispersal of Commercial cattle was held May 21 in Bigler, OK. The 180 lots totaled \$115,000 for a \$720 average. This set of cattle featured the influence of Chianina and Limousin bulls and sold by pasture sire groups at steady prices throughout the day. The top selling lot of the day was a Limousin herd sire at \$2600 that went to a Oklahoma buyer and one of the

Chianina bulls brought \$2000. Most of the pairs sold in the \$850 to \$900 range with the better pairs going for the \$1000 mark. The bred cows brought \$550 to \$700 with the top at \$900. Most of the cattle went to local buyers that were buying in numbers. Dub Venable was the sale manager and auctioneer.

CINDY SMART

Girl Named Simmental Merit Recipient

Cindy Smart of Hico, Texas, is one of five junior members of the American Simmental Association to be named to receive the prestigious ASA Merit Award.

Now a freshman, majoring in accounting and computer science at Tarleton State University at Stephenville, Miss Smart began her affiliation with Simmental cattle five years ago. She was elected as a national AISA Trustee in 1982 and has reigned as Texas State Simmental Queen. In the 1982 Summer Classic, which is the AISA national event, she was the fourth highest ranking individual among more than 180 contestants.

Established three years ago, by the ASA Trustees, the Merit Award is designed to provide recognition to junior members who have made "significant contributions to their community, home, school, family, and the Simmental breed." Consideration is based on a number of factors, including leadership, scholarship, and involvement in extra-curricular activities.

The Award includes a \$500 stipend to be used by the recipient for post-secondary educational purposes.

"The 1983 Award winners were named from among an outstanding field of candidates. The final decision was a difficult one," said Earl B. Peterson, ASA Executive Vice President. "More than 40 highly qualified individuals submitted applications, and the screening committee had a very tedious task in sorting them out."

"This brings our three year total to 19," Peterson commented. "All recipients have measured up to some very demanding qualifications. Because there are many more other applicants who are very close to this level of accomplishment, we expect to recognize even more youths in the years to come."

Other Merit Award recipients as announced June 15 at the American Junior Simmental Association Summer Classic in Louisville, Kentucky were: Dan Bates, 18, North Branch, Michigan; Terry Burks, 19, Glasgow, Kentucky; David Ivan, 19, New Lothrop, Michigan; and Scott Bohacko, 20, Lawrence, Kansas.

Gholson Ranch Expanding Market For Simmentals

Utopia, Texas, located in the Hill Country Northwest of San Antonio 70 miles, is the home of Gholson Simmental Ranch, a producer of top flight commercial bulls.

Their market for the top Simmental range bulls is expanding as customers are returning to buy more Simmentals, after trying them for the first time. The reports are that these bulls are crossing especially well on the Brahman cross

Jim Bell & daughter Kelly at the Gholson Ranch headquarters. Jim is manager for Gholson Ranch.

cows in the South Texas area.

This has prompted Jim Bell, manager for Gholson Ranch, to enter into the Simbrah business as well as the straight Simmentals. This will give their customers of the future a opportunity to purchase Brahman influenced bulls in addition to the Simmental bulls.

In addition to Erlendo, a Achilles son and Richgold, a red eyed polled son of Galant (both Simmental hard sires), Gholson Ranch has used several Brahman bulls. One in particular is a six-year-old gray bull from Seaberg Ranch. Jim is especially happy with the

American Simmental Assn. Performance Pedigree

Bozeman, Mt. Simmental breeders may now obtain all of the performance and ancestral data on progeny from their breeding herd without requesting that a registration certificate be issued. Previously, unless an animal was entered in the American Simmental Association Herdbook and a Certificate of Registration provided, the owner of record received only the performance information.

Results of crossing their good purebred and fullblood Simmental cows and the Brahman bulls.

Gholson Ranch is making every effort to stay on top of the purebred industry by participating in an embryo program in an effort to move generations as quickly as possible and stay competitive in the show ring and gain tests.

Look for Jim and Barbara Bell and their family this fall at the show & sales, they enjoy visiting about Simmentals.

Through a newly-introduced movement called the Performance Pedigree, ancestral records are now available well. In addition to individual performance data, the Performance Pedigree will also list estimated breeding values for five traits within the pedigree, and a summary of those records to breed the averages.

A fee of \$10 will be assessed for performance pedigree issued. They expect that breeders who sell purebred bulls to commercial customers will find this to be a very useful marketing tool," said Earl B. Peterson, ASA Executive Vice President. "It is a decision later that he does not want to obtain a registration certificate, but the pedigree will apply towards the certificate expense."

"Several Central Test Stations have indicated an interest in this movement," Peterson said. They have provided them with the information needed to more effectively market potential bull buyers about the center sale offering."

Lean beef for today's market.

Simmental.

When packers discount carcasses with excess backfat, it's time to change genetics. You adapt, or lose your market.

The first cross with a Simmental bull reduces backfat by half an inch and adds \$50 in red meat to the carcass. USDA reports on 5,756 Simmental carcasses show they average Choice-minus, with 2.6 Yield Grade. That's why Simmental feeders bring a premium.

Longerier Simmental Announces Sale to Be Held October 22

Mineola, TX - H. L. "Hank" Longerier, III, Managing Partner of Longerier Farms, announced that their "The Pride Shows '83", Simmental Production Sale will be held October 22, 1983, at the farm at Mineola, Texas.

Approximately 85 lots will be offered, with the majority being fullblood females.

A few select embryo matings will also be offered.

The sale will include the first and finest Simbrah offered from Longerier Farms breeding program.

For further information call or write: H. L. "Hank" Longerier, III, Longerier Farms, Route 2, Box 221, Mineola, Texas 75778, (814) 669-9414.

Farm and Ranch Equipment Auction Set For June 25

Export, Miss.-One of the largest operations of farm and ranch equipment in Mississippi will be held Saturday, June 25, 1983 at 10:00 a.m. near Export, Mississippi. All of the equipment of the C-M-W operation will sell.

The sale offering includes 16 tractors, a Cat D7, a Cat 12 motor grader, combines, 11 trucks, several 4 wheel drive vehicles including jeeps, vans, trucks, trailers, silage wagons, forage harvesters, steel cable, tub grinders, large headers, seeders, planters, grain drills, rakes, rotary hoes, clippers, silage equipment, discs, cultivators, elevators, 2 mobile homes, silage, shop equipment, office furniture, and much more.

For information on additional items and terms contact Yokley & Lundy Auction Company, Box 577, Belson, Miss. 39088, 601/247-3292 or 1641.

Simmental National Sale Set For 1984

Bozeman, Mt.-For the first time since 1976, the American Simmental Association will again designate and conduct a National Sale. The event is scheduled for January 19, 1984 and will be held in conjunction with National Western activities in Denver, Colorado. Transcon Livestock Services, Inc. has been selected as the sale management firm.

"The Board of Trustees has decided to reinstitute The National Sale, and has chosen the Denver National Western as the site," said Earl B. Peterson, Executive Vice President. "The Colorado Simmental Association has agreed to relinquish their National Trendsetter Sale held each year at the National Western, in favor of The National and we appreciate their willingness to cooperate in this manner."

Peterson pointed out that preliminary plans call for 80 head of purebred Simmental and Simbrah, including both bulls and females, to be consigned. All cattle nominated will be appraised and selected on the farm in order to meet rigid quality standards.

All animals in the Sale will be blood typed and their parentage verified prior to the date of Sale. Full performance data, including estimated breeding values, will be published on all cattle.

"We are expecting that breeders will consign their very best animals to this event," Peterson said. "Emphasis will be placed upon known parentage, predictable genetics and carefully selected individuals for what should be the top quality Simmental-Simbrah sale attraction of the year."

Nomination forms are available from Transcon Livestock Services, #388 Livestock Exchange Building, Denver, Colorado 80216. Nominations will be accepted until August 15, with final selections determined by mid-October.

Simmental Summer Conference Stated For July 13-15

Bozeman, MT. For the first time, the American Simmental Association will hold a meeting of national scope in the Great Northwest. The organization's ninth Annual Summer Conference will be held in Pasco, Washington, July 13-15. The Red Lion Motor Inn will serve as Conference headquarters.

"It has long been our tradition to rotate the sites of our meeting to various locations," said ASA Executive Vice President Earl B. Peterson. "We held the 1977 Summer Conference at West Yellowstone, Montana and our 1979 Annual Meeting and Convention was in Reno, Nevada, but this is the first time for a meeting in the Northwest section of the U.S. Breeders who reside in Oregon, Washington, Idaho and other areas states will thus have an opportunity to participate in discussion on current issues involving Simmental cattle and ASA."

Norm Hayes, ASA Trustee from Cody, Wyoming, who is Chairman of the Planning Committee pointed out that a new format will be employed in conjunction with the 1983 Summer Conference. "We are very interested in the agricultural features of the area," he said. "In the past, we have built our meetings around the concept of a family vacation... but have changed our approach to include the farming and livestock attractions located nearby."

Guided bus tours will deliver Simmental producers to such locations as feedlots, packing plants, irrigation projects, and wineries. In addition, a special ladies bus tour will take in the famed woolen mills at Pendleton, Oregon.

"We are also looking forward to hearing a number of outstanding speakers," said Hayes. "Dr. Baxter Black, a consulting veterinarian, is one of the most impressive, humorous philosophers you could ever hear. George Spencer, former Executive Vice President of the National Cattlemen's Association, who is now with Iowa Beef Packing; and David Gaunt, General Secretary of the British Simmental Society will also be on hand for all or some part of the Conference."

Gloria Campbell, a "consultant and trainer in communications will lead a ladies workshop entitled, "The Feminine Collage: Today's You".

Social activities, planned and coordinated by the co-hosting Oregon and Washington Simmental Associations will include a steak fry, a cowboy breakfast and a banquet.

Persons needing additional information are instructed to contact the American Simmental Association, One Simmental Way, Bozeman, MT 59716, telephone:(408) 587-4681.

Lord's Circle L Simmentals Avg. \$1244

Dean Lord held his Circle L Simmental Ranch Complete Dispersal Sale on June 18, 1983 in San Saba, TX. One hundred and fifteen lots totaling \$148,160 to average \$1244.

Top selling lot was a three-in-one package. The cow was born November 26, 1979 a daughter of ABC Signal 108G. She was a sister in calf to Circle L Signal and had a heifer calf at side born December 10, 1982 by Circle L Achilles II. They sold for \$2800 to Wonder Hill Simmental of Chappell Hill, TX.

Second high selling lot was also a three-in-one package. The cow born November 26, 1979, and a daughter of RTR Lonesome Charlie. She was rebred to Circle L Achilles II and had a heifer calf at side born November 1982 by Circle L Achilles. They sold for \$1050 to Howard Tanner of Menard.

Third top selling lot was also a three-in-one. The cow born November 1979 was a daughter of Circle L Achilles. She sold rebred to Circle L Signal and had a heifer calf at side born November 2, 1982 by Circle L Achilles II. She sold for \$1025 to Bill Clemmons of Comanche. The heifer calf sold at \$900 going to Aldrich Simmental of Branham.

A very steady market on a useful set of Simmental cattle going to many new buyers in the Simmental business, as the market was very steady and the demand good throughout the sale.

Sale manager was Dean Taylor, Auctioneer Joe Michan.

American Chianina Assn. To Dedicate Office July 8

The new ACA office building will be officially dedicated on the evening of July 8, 1983.

Occupied since last November, the building is being dedicated during events surrounding the National Junior Heifer and Steer Show at Platte City, Missouri.

This is a wonderful opportunity for all members to be part of the junior excitement, and to view the new ACA office. Plan to attend!

Judges Listed For Chianina Show Season

In March a ballot was mailed to all exhibitors of the 1981-1982 ACA National shows, and of the 1982-1983 National Western shows. Everyone was asked to vote for three top choices for a judge for the 1983 ACA National Show. It was indicated at that time that this list would also be used in determining judges for other shows in the 1983-84 season.

All ballots have been returned to the ACA National office, are tabulated, and are printed below. The names are listed in order of the number of votes received by each prospective judge. The first name received the most votes, and second name received the second largest number of votes, etc. Ties are indicated by parentheses.

Dan Hoge, Harlan Richle, Gary Minish, Doug Parrett, Jimmy Linthicum, Myron Danner, Jerry Adamson, Harold Callahan, Gail Long, Paul Clapp, (Kilo Overpeck, Dee Woody), (Bart Glass, Marvin Nichols), (Jim Horley, Bobby May), (Kent Garrothers, Rogers Hunsley), (Glen Klippenstein, Eldon Krebs), Ralph Danner Jr., Herman Purdy, (John Coble, Bill Elliott), Dave Hawkins, Craig Schilder, (Miles McKee, Lyle Miller),

Notes From The SWPA President

BY WOOLIE TALBOT

Behind every successful field day there is a great deal of planning, work, and expense. I would like to express appreciation to every person who gave of their time, effort, and personal finances — Dan Scott, Marie Hooper, Matt Free, Bob Sullivan, W.J. Sparks to name a few, and to the John Thorne family for their excellent coverage of the informative program and entire day. A special word of thanks to members for their presentation of high quality Pinzgauers for inspection by fellow breeders and visitors. As last year, cattle were sold at private treaty, members and visitors had the chance to meet, compare notes, visit, and make plans for the future.

A good number of cattle were promised for show at the East Texas Fair at Tyler. Entry forms have been mailed to members and need to be completed and returned NOW to Marie Hooper, Rt. 20, Box 93, Tyler, Texas 75708. Selection, feeding, and training of top show animals will insure an excellent show, and help to create active interest in prospective customers. These same show cattle can go right on to the local shows and fairs, which are very important activities in promotion of Pinzgauers. Owners and herdsman should be ready to answer questions from interested visitors. Promotion is important in creation of new markets.

Facing probable quarantines of Texas cattle, every breeder now needs to seriously consider establishment of Certified Bangs Free status for his herd. Local veterinarians can arrange

Looking For Cattle You Can Depend ON?

Today's Cattleman needs productivity and performance he can bank on... the proven, predictable performance of the Pinzgauer. As productive as they are colorful, count on Pinzgauer if you're looking for cattle that can produce a profit in today's market.

Bob Sullivan, College Station, TX, welcomes Ken Meyers of Modesto, CA, to the SWPA Annual Field Day, May 14 in Athens, TX.

Myers Developing Pinzbrah In CA.

Leroy and Ken Myers, premier breeders of Austrian fullblood Pinzgauers, are now developing the first Pinzbrah herd in California. The Myers attended the Pinzbrah Breeders annual meeting in Athens, Texas, on May 14. At that meeting, Ken was elected to the Board of Directors of the American Pinzbrah Association.

Ken stated that the growth of Brahman cattle in California has created a desire to develop the Pinzbrah breed.

Plans are now in progress to AI selected fullblood Pinzgauer females to Dan Scott's Pinzbrah bull. The Myers will assist other California Pinzgauer and Pinzbrah breeders to develop their herds.

Pinzgauer's To Show At East Texas Fair

The SWPA will be participating in the activities at the East Texas Fair at Tyler in September. All Pinzgauer cattle that are to be exhibited or shown must be in the barn by 6:00 pm Sunday, September 25. The SWPA show will be Monday, September 26 at 7:00 pm at the East Texas Fair Grounds. Cattle will be released from the barn on Wednesday, Sept. 28 at 10:00 pm.

Rules governing the East Texas Fair:

1. All Pinzgauer entries must be registered with the American Pinzgauer Association to be eligible to compete; 2. Registration papers and tattoos will be checked by show officials as stall spaces are assigned; 3. No exhibitor shall be permitted to win more than two prizes in any one class; 4. All rules governing the Livestock Department as well as the general rules and regulations will apply to the Pinzgauer section; and 5. The \$25 Herdsman Award in the Pinzgauer section will be awarded by the SWPA.

Two classes have been added to the 1983 show. The first is Produce of Dam which will consist of two offspring of one cow, within the age limits of individual classes. The other new class is Get of Sire. This class will be made up of three animals, both sexes represented, which are owned by an exhibitor.

The entry fee per animal is \$25 each for show cattle and \$15 per head for exhibit cattle. Entry cards should be completed and returned to Marie Hooper, Rt. 20, Box 93, Tyler, Texas. Questions concerning Pinzgauer cattle at the East Texas Fair exhibit and show should also be addressed to Mrs. Hooper.

See More PINZGAUER NEWS On Page 18

Necessary tests. Breeding stock needs to be able to move freely across state lines for sales show one class. In 1984 East Texas Pinzgauer Breeders and Southwest Pinzgauer Association will again join hands for the annual Field Day. SWPA will be celebrating a tenth anniversary. A sale is tentatively planned in conjunction with the field day. Semen from top producing bulls has been donated to create added interest to buyers. It is not too soon to select your sale animals. Active members are urged to contact inactive members and invite them back into active membership and encourage their participation in coming activities at Tyler. It is time to begin to bridge that communication gap and to strengthen the position of Pinzgauers for Progress.

Pinzgauer News

John and Carolyn Thorne, 1509 Charleston, Garland, Tx. 75041, 214-278-9738, will collect and supply Weekly Livestock Reporter with complete SWPA news and promotional information. Ms. Woodie Talbot, SWPA President, asks each association member to develop news items and photographs and mail to the Thornes by the 15th of the month for publication in the Pinzgauer News of the WLR.

Southwestern BEEFALO NEWS

This fullblood Beafalo bull calf, Texas Sam, is shown on the Roy Jennings Ranch at Purdon, Tex. The calf was born April 4, 1983 out of Yanka, a 7/8 Beafalo cow (21/64 Bison) and sired by Badlands Bill, (27/64 Bison).

Consumer Praises Beafalo Meat

David Miller, Beafalo breeder from Welch, Oklahoma recently received the following letter from Mr. and Mrs. Chalard Satchompo of Independence, Kansas praising the Beafalo meat supplied by Miller. The letter is as follows: "Dear David: I would like to take this time to tell you how pleased we are with the Beafalo. It is not only better meat than we have gotten in the past but it is not having any allergy reactions on our daughter Shana. Shana has not been able to eat beef except in limited quantities or she would break out in hives or have an allergy cough and a very bad disposition."

"We have taken her to the allergy specialist and she was asked to eat this Beafalo every day to see what reaction we would get from it. Thank goodness there was none."

"I would like to recommend this meat to others that are having allergy problems in hopes that they too will have a good result from it."

"Thanks again for introducing us to this product."

Roger Powell, President of the Southwestern Beafalo Association made the announcement that this will be one of the two Beafalo shows held in the North Texas area this summer and the first Beafalo shows in the Southwest.

Anyone with Beafalo cattle registered in the Beafalo Registry of the American Beafalo Association, World Beafalo Association or the International Beafalo Breeders Registry are invited to participate in these shows. All animals shown must be 1/4 blood Beafalo or higher. There will be five classes of breeding females and one class of breeding males.

Tom Martin, Richardson, Texas, will be Superintendent of the Beafalo show. For information on these shows please contact Roger Powell, President, Southwestern Beafalo Association, Rt. 2 Box 80, Frisco, Texas 75064, Ph. (214) 877-2816 or Tom Martin, 1820 Chyenne Dr., Richardson, Texas 75080, Ph. (214) 281-1511.

Beafalo Foraging Ability Shown

Edmond, Oklahoma: Beafalo breeder, Gary Newman, initiated a program designed to test the claim that beafalo, by retaining some of the buffalo's foraging ability, can maintain themselves more efficiently than non-beafalo breeds on lower quality forage or under severe conditions such as drought or winter. (Preliminary results reported in the February 24, 1983 Weekly Livestock Reporter.) The test, for the first time, provides hard backup data for this claim and provides, within the statistical limitations of the test size, quantitative data for comparison of foraging efficiency.

The test was initiated the first week in October 1982 after hard freezes had killed the pasture grasses and foraging ability and roughage conversion differences became important and measurable. The October 1 weight was considered to be the animals top condition weight after a full summer grazing on good quality bermuda and native grass pasture. With the October weighing, all animals were wormed with Levasole Boluses and subsequent feces tests showed the worming effective and the animals parasite free.

The animals were subsequently weighed on January 1, 1983 and February 26, 1983 and those weights compared to the October weight in an effort to measure the animals weight retention and thus its "foraging ability."

Twenty-two animals were included in the test. Only cows and breeding age heifers were included in the test in an attempt to minimize weight gain, or loss, variables associated with younger cattle. The test included 15 beafalo and 7 non-beafalo animals. Of those animals, 6 beafalo and 3 non-beafalo carried nursing calves at least through January 1, 1983.

All test animals were wintered together with 21 non-test, younger animals on approximately 50 acres of combination bermuda and native grass pasture. It is important to note that central Oklahoma experienced a very hot, dry fall and pasture quality in the fall and winter of 1982-83 was the worst in several years. Neighboring cattle raisers report feeding up to twice as much hay this winter due to general poor pasture conditions.

In addition to pasture, the test animals had "Stockade 4" mineral supplement available free choice throughout the test and received supplemental feeding after January 1. Supplemental feed consisted of 8 bales/day of combination bermuda-native grass hay and 100 pounds of 20% breeder (CONT. ON PAGE 18)

Beefalo Foraging Ability Shown

(CONT. FROM PAGE 15)
cubes every second day from January 1 until March 15 when the breeder cubes were eliminated and hay feeding was reduced to 5 bales of Love grass-sudan hay per day. This year was the first year anything other than hay had been fed. The breeder cubes were added due to poor animal condition, particularly among the cows with calves, resulting from the poorer than normal pasture quality.

The following table is a compilation of the test data through February 28, 1983. Since approximately 18 of the test animals calved in March, the April 2 weights could not be effectively used. For interest's sake, the weight record of a mature buffalo cow which pastured with the test animals is also included.

Although it is probably unrealistic to expect every non-beefalo animal to perform as well as the test animals, the results certainly indicate that as a group, the buffalo showed a significant ability to retain condition while subjected to fairly harsh conditions. Although it is somewhat judgemental, the differences reflected in the January 1 data may be more representative of actual foraging ability since until that time the animals were on pasture only and the variables associated with supplemental feeding had not come into play.

Anyone with questions or interested in more detailed information concerning the test should feel free to contact Gary Newman, Rt. 2, Box 482, Edmond, Oklahoma, 73034.

Valley Rancher Breeding Pinzbrah

Frank Terry of Edinburg, Texas, a founding member of the SWPA, is developing a Pinzbrah herd from registered Red Brahman and Australian fullblood Pinzbrah cattle. The cross will produce a true F-1 female that will be the foundation for the breed. Terry's first calves are approaching weaning age and are of top quality.

Terry is also breeding approximately twenty purebred Pinzbrah heifers to a 3/4 Brahman-1/4 Pinzbrah bull. These calves may be registered as purebred Pinzbrah after passing selection criteria.

Terry, who is a Pinzbrah Association director, will assist interested Valley breeders in developing Pinzbrah herds. He can be reached at 512-681-2870.

Pinzgauer News

(CONT. FROM PAGE 14)
Reporter that will be mailed September 21. Advertising space in the WLR will cost between \$25 and \$100. A business card sized ad will cost approximately \$35.

SWPA Represented At Denton Field Day — John Thorne and sons John and David represented the SWPA at the Denton County Livestock Association Field Day on June 7. The Field Day was held at the Supreme Beef Farm, ten miles east of Denton.

Winn Shipp Announces Hard Expansion — Winn Shipp of Colfax, Texas, purchased four 8-in-1 packages of top quality 3/4 and 7/8 female Pinzgauers from Dan Scott of Murkison, Texas. Also included in the purchase was a purebred bull.

Shipp started his Pinzgauer operation after visiting local area ranches and attending the SWPA field day at Canton in May 1982. At the time Shipp became convinced of the quality of the Pinzgauer cattle and purchased ten 1/2 blood females. Shipp Pinzgauer Ranch is located east of Canton on Interstate Highway 20, near the Colfax exit.

Talbot's Hi Point Ranch On TV — Woodie Talbot's outstanding herd of Pinzgauer cattle received television coverage on the KDFW Metroplex News (Dallas-Ft. Worth) on Thursday, May 19. The story was in conjunction with the Bowie County Cattlemen's Tour, which was also covered in the area newspapers. The tour was highlighted as a major beef cattle education program.

Ms. Talbot's Pinzgauer cattle, along with those of other SWPA breeders, will be exhibited at the East Texas Fair

K Bar 4 Angus Go For \$1033 Average

Bob Kerr's K Bar 4 Ranch held their Western Canadian Round Up Sale, May 21 at the ranch near Roff, Ok. The 60 lots brought \$81,995 for an average of \$1033.

Topping the sale was the lot one bull going to Poca Dot Farms of Deerfield, VA, for \$4000. This was KB Challenger 700, a March 1981 son of FV Challenger out of Willabar Countess 70B. The 11 bulls averaged \$1270.

Poca Dot also bought the top selling female, K4 Countess 880, a August 1981 daughter of FV Challenger 3, selling bred to Fairfield H Guy for \$4000.

B & L Ranch of Shawnee, OK, paid \$3000 for an open daughter of FV Challenger 3, and Drake Farms of Davis, also took an open FV Challenger daughter for \$2700.

Jack Parnell was the auctioneer and the sale was managed by American Angus Hall of Fame.

Bill & Barbara Bailey of Rolling B Angus, Round Top, TX, purchased several lots, including Miss Rover Girl at \$60,000, in the Gunston West Angus Dispersal, June 1 in Lampasas.

Joy Angus To Sell August 27 In Waco

Joy Angus Ranch will hold a Production Sale, August 27 at the Heart of Texas Fairgrounds in Waco, TX. Starting time is set for 12:30 p.m. and Ray Sims will be the auctioneer.

Selling will be 30 pairs, 10 breeds, 10 open heifers, and six young bulls to the Canadian and Wye influence.

Featured in the sale will be the get and service of R&J Mr. Tall, the General son out of Southern Tall Erroline 28E.

For more information contact: Don Joy, Joy Angus Ranches, Route 1, Box 310, Waco, TX 76710, 817/848-4855 or 817/750-1899; or Sale Manager, Texas Angus Association, 288 N. Judkins, Fort Worth, TX 76111, 817/891-2641.
